You are hereby encouraged to publish your CHED-accredited journal in the *Philippine e-Journals*. Publication through *Philippine e-Journals* would:

- Promote the CHED-Journal Accreditation Service to other HEIs and professional organizations who may want to have their research journals recognized as having undergone and passed a national journal refereeing system;

- Promote electronic publishing as an alternative, cost-efficient method of supporting and promoting scholarly publications done by Filipinos.

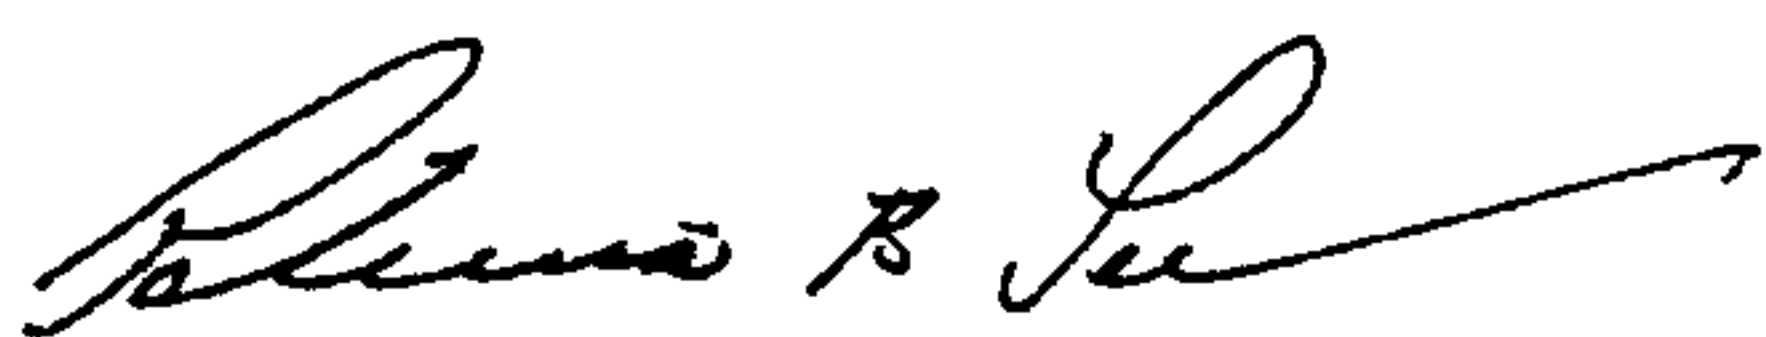

The product of the collaborative efforts of C&E Publishing and the participating educational institutions and organizations, the *Philippine e-Journals* is an expanding collection of academic journals that are made accessible globally through a single Web-based platform. On-line publication through *Philippine e-Journals* is provided by C&E Publishing at **no cost** to participating institutions. At present, the online repository has a total of 56 (both subscription-based and open access) journals including three CHED-accredited journals.

C & E Publishing offers the following range of services to participating institutions:
